

2016 Regional Institute

"From Workshops to Workplaces:
Achieving the Goal of Employment First"

Tuesday, November 1- Wednesday, November 2
Sacramento, California

(Monday, October 31 - CESP™ Exam and Opening Reception)

The Regional Institute two-day program is designed to help disability services providers transition to a supported employment business model with the goal of serving their clients in competitive, integrated jobs in their communities.

The Institute addresses such topics as funding and supported employment, communicating change with clients and families, business strategic planning, staff development, legacy real estate planning, employer outreach and job development, informed choice and employment, and wrap-around services.
