

Present a Session - Conference Proposal

****PLEASE**** do not include your name or name of presenters, programs in this section. This will be reviewed and should not include identifying information.

The 2023 Conference theme is Creating Connections Each session must involve employment, and presenters are encouraged to feature advocates and stories of real-life people affected by the covered topic. Researchers can consider the track within which their research best fits. The APSE Universal Competencies are a great resource for building your session and can be found at this link: <https://apse.org/APSE-Universal-Competencies> **Tracks help clarify what content will be covered and the intended audience.**

Attendees are welcome to join sessions from any and all tracks! TRACK

 Proposed Title of Session

 Type of Session

60-minute breakout session. Presenters will be asked to present in person at the conference on Tuesday, Wednesday, or Thursday June 13-15th, 2023.

3-hour workshop for Pre-Conference. Presenters will be asked to present in person at the conference on Monday June 12th, 2023.

 Description for the session:

This description is what will be shared with attendees. Keep it short, 3-5 sentences is even enough. We want to know why APSE attendees would **want** to attend your session!

 Learning Objectives (Please list 3-5)

Generally, learning objectives start with "After this session, participants..."Example: "Participants will explore what an employment support professional should learn the first day, the first week, and the first month on-the-job, as well as the benefit of ongoing training/professional development"

 Have you presented this content before? If so, where? Why is your perspective on this content relevant to the APSE audience?Please answer this without using any names.

 Comment on why your presentation will be timely and relevant to our audience.

 How will your presentation feature individuals who identify as disabled?

 How will your presentation address equity, diversity, and inclusion, and what is the proposed impact you are hoping to make around the topics of EDI (such as marginalized populations, data that leads a conversation forward, etc.)?

 Comment on how you will engage attendees through meaningful, learning-based activities during your session.

 Would you or your co-presenters be first-time speakers at a National APSE Conference?

- Yes
- No
